

# Official Ballot Statement

## Diane Dixon – Assembly District 74

California is in trouble and Sacramento politicians continue to let us down. Instead of working to help our economy recover from the COVID-19 pandemic, they want to raise taxes, defund the police and close charter schools.

As a City Councilwoman and Mayor, I have a proven track record, delivering results:

**Balanced budgets every year and accelerated pay down of pension liabilities**

**Made sure city projects were completed on time and within budget**

**Brought residents, businesses, and police together to develop innovative crime prevention strategies**

I have a four-decade career in the private sector, helping to create jobs and expand economic opportunities. With my community and management experience, I know how to make government work better serve our residents and businesses. If you elect me to represent us in the State Assembly, I will:

**Promote scientific-based solutions to COVID-19**

**Work for policies that help business recover from the pandemic**

**Support our police and public safety professionals**

**Ensure parents can decide how best to educate their children**

I am honored to be endorsed by Orange County's community and business leaders including the New Majority and Lincoln Club as well as by Orange County Sheriff Sandra Hutchens (ret.) the Association of Orange County Deputy District Attorneys and the Newport Beach Police Officers Association.

Please join my supporters in Costa Mesa, Huntington Beach, Irvine, Laguna Beach, Laguna Woods, and Newport Beach in voting for Diane Dixon for State Assembly! Please visit [dianedixonassembly2020.com](http://dianedixonassembly2020.com). Thank you.
